### **Features**

#### **Traditional vs. Seamless Binding**

Traditional Design - Perimeter binding offers a traditional aesthetic.

Seamless Design - Heat sealed waterproof seams provide a more contemporary look and also prevent moisture penetration for a more hygienic design. Wipes clean to the edge.

#### **Dual Firmness**

Dual firmness provides a slightly firmer side for infants and a slightly softer side for toddlers.

#### **Classic Fabric vs. Ultra Fabric**

Ultra offers upgraded components including a stronger more durable fabric, a nicer finish, and more premium support.
